On April 15th, 30 staff and managers of NPOs in HCMC joined the April NPO Morning Coffee Talk on: "Salaries for local NPO staff".

Participants were divided into 2 groups including: NPOs with 1-9 paid staffs and Volunteer Group.

Recommendation included:

1) A need for salary survey

2) Training on “How to help donors understand the need to contribute to NPO staff salaries”.

2. THE RELATIONSHIP BETWEEN NPOS AND THE MEDIA

On April 16th, LIN joined a workshop is "The involvement of media and social organizations in policy implementation and development in Viet Nam".

The meeting participants recognized that the connection between NPOs and the media is not good. The NPOs lack of staff with communication and media training. They do not know how to tell a good stories to the media and they do not know how to get in touch with the media.

In the short-term, the journalists suggested that an organization (Red Communication) take the lead to build and share a contact list of journalists and set up more meetings for NPOs and journalists to meet and learn from each other in order to solve the above problem.
